

GLUE THIS SHEET IN YOUR BOOK

Black Holes

http://hubblesite.org/discoveries/black_holes/

Explore the site and **write responses** to the following questions:

Easy

1. How big is a black hole?

2. What is inside a black hole?

3. How are black holes born?

4. How do black holes grow?

5. Do black holes live forever and why?

6. What happens when I drop a clock into a black hole?

Hard

7. What happens when I fall into a black hole?

Well done! Now you know a lot more about black holes than you did before. 😊
